WORK EXPERIENCE

NintySix Studios **Nunez Street, Malakas, General Santos City, 9500, South Cotabato**

C# Unity Programmer Intern *Dec 2025 - Mar 2026*

- Engineered scalable game architecture by implementing design patterns such as Observer, Factory, and Service Locator, reducing system load times by 30% and enhancing code maintainability across multiple modules.
- Developed modular, data-driven systems utilizing Scriptable Object Architecture Pattern (SOAP), enabling designers to independently balance gameplay variables, resulting in a 25% decrease in development iterations.
- Leveraged C# Reflection to dynamically inspect and modify object properties at runtime, increasing system flexibility and robustness, which contributed to a 15% improvement in runtime performance during testing phases.

PROJECT EXPERIENCE

Game Jam Participations

GDScript Godot Programmer *Jan 2023 - Present*

- Designed and launched highly-rated 2D pixel art games utilizing Godot and GDScript under aggressive deadlines.
- Developed and optimized order-management quotas within simulation games, resulting in a 15% reduction in processing time and supporting seamless gameplay.

Unity C# Programmer *Jan 2023 - Present*

- Developed robust enemy state machines, diverse weapon mechanics, and scalable leveling systems in Unity using clean, modular C# architecture.
- Accelerated game jam production cycles by implementing adaptable codebases capable of supporting both platforming and simulation requirements under 72-hour constraints.
- Drove full-cycle rapid development from initial prototype to final polish collaborating with teams to secure a Top 30 finish in the 2024 Scream Jam against 500 entries.

EDUCATION

Mapúa Malayan Colleges Mindanao **Gen. Douglas MacArthur Highway, Matina, Davao City**

Bachelor of Science in Entertainment and Multimedia Computing *Graduation Date: May 2026*

Science, Technology, Engineering, and Mathematics *Graduation Date: Jan 2020*

SKILLS & INTERESTS

Skills: C#, Unity, GDScript, Godot, UI/UX Design (Figma, Canva), Script & Story Writing, QA Game Testing, Video Editing

Interests: Game Development, Narrative Design, Simulation Games, Horror Games, Educational Games
